Un po' trendy, un po' tradizionale. Trendyional, appunto.

Questo è lo stile di chi sceglie Lorenzo Invernizzi.

Uno stile senza tempo che fuoriesce da qualsiasi classificazione

aprioristica di progetto o disegno, inserendosi nel concetto

più ampio di un "industrial design" capace di unire

grandi plus qualitativi ad una produzione industriale.

Con la sua ampia gamma di offerte, Lorenzo Invernizzi

rinnova la classicità contaminandola con la modernità intrinseca

del design ed inaugura una nuova epoca in cui il prodotto

industriale si arricchisce di eleganza e di altissima qualità.

A little trendy and a little traditional. "Trendyional", if you like.

This is your style if you choose Lorenzo Invernizzi.

It's a timeless style that defies any logical classification

of project or design, adhering instead to the wider concept

of "industrial design" able to combine significant

qualitative advantages with industrial scale production.

With our wide range of products we renew classic taste,

mixing it with the modern aspect of design.

Lorenzo Invernizzi launches a new era in which the industrial

product is enhanced with elegance and optimum quality.
